

## Notes on Habits and Habitats

- The game is made for mobile devices and web browsers so Wireframe can be displayed as either as long and you keep those restraints in mind
- This game will be graphic heavy so simply note what graphic would be and leave this in it's place

- Remove "Placeholder" once you have finished Wireframe to your liking
- Reference Milestone 1 for proper terminology
- Name wireframes
- link wireframes together so we can check flow
